

CDA-118M Waterproof Marine Receiver

Introducing Alpine's first Waterproof Marine CD Receiver

The CDA-118M is your best choice for controlling your iPod®, iPhone™, Satellite Radio and HD Radio™ and best of all it is fully marine tested.

Marine Tested

The CDA-118M has been put to the test. In order to wear the waterproof badge we put this unit through a battery of brutal weathering tests and needless to say the CDA-118M is ready for the water.

Certified:
IPx5 Waterproof
ASTM-B117 Salt/Fog
ASTM-G154/D4329 UV/Sun Exposure

Easy User Interface

Our research team has spent countless hours perfecting the usability of the CDA-118M. It has a very large, easy to read display, easy to press source buttons and large Rotary Encoder. These unique features make finding songs and controlling the dual-zone volume a breeze.

Ready for Your Music

The CDA-118M is ready to play any of your music in just about any format. This unit will play great with your iPod®, iPhone™ or even a simple USB thumbdrive. Feel like listening to your favorite Satellite Radio or HD Radio™ station? No problem. The CDA-118M is compatible with all major music sources.

Easy Installation

The CDA-118M will easily replace any 1.8 DIN unit on the market today. The CDA-118M comes equipped with industry standard mounting holes, so upgrading from your old unit is painless. We have also included color coded RCA connections and pigtailed on all of the wiring allowing for an easier install.

CDA-118M

Waterproof Marine Head Unit

- Power Rating: 18W x 4
- Designed to work with your iPod® or iPhone™
 - Super-Fast USB Connection
 - Easy User Interface
 - Satellite Radio Ready
 - Direct Replacement of any 1.8 DIN unit
 - ASTM-B117 / ASTM-G154/D4329 / IPx5 Certified

iDA-X100M

Marine Digital Media Receiver, iPod® Controller

- Power Rating: 18W x 4
- Dedicated for your iPod
 - Super-Fast USB Connection
 - QuickSearch song finder
 - iTunes® Tagging with HD Radio™
 - Satellite Radio Ready
 - ASTM-B117 / ASTM-G154/D4329 Certified

CDA-9886M

Marine CD Receiver / iPod® Controller

- Power Rating: 18W x 4
- Premium Alpine Sound
 - Super-Fast USB Connection works with compatible iPods®
 - QuickSearch song finder
 - iTunes® Tagging with HD Radio™
 - Satellite Radio Ready
 - ASTM-B117 / ASTM-G154/D4329 Certified

PDX-4.100M

Marine 4/3/2 Channel Power Density Digital Amplifier

- Power Rating: 100W x 4 RMS
- 90% Efficient at All Power Levels
 - Space Saving design
 - Smart Stacking
 - System Building Made Easy
 - Unprecedented Sound Matching & Accuracy
 - ASTM-B117 / ASTM-G154/D4329 Certified

PDX-5M

Marine 5 Channel Power Density Digital Amplifier

- Power Rating: 75W x 4 + 300W x 1 RMS
- 90% Efficient at All Power Levels
 - Space Saving design
 - Smart Stacking
 - System Building Made Easy
 - Unprecedented Sound Matching & Accuracy
 - ASTM-B117 / ASTM-G154/D4329 Certified

PDX-1.600M

Marine 1 Channel Power Density Digital Amplifier

- Power Rating: 600W x 1 RMS
- 90% Efficient at All Power Levels
 - Space Saving design
 - Smart Stacking
 - System Building Made Easy
 - Unprecedented Sound Matching & Accuracy
 - ASTM-B117 / ASTM-G154/D4329 Certified

SPR-M70

7" Component 2-Way Marine Speaker Set

- Power Handling: 100W RMS
- Premium Alpine Marine Sound Quality
 - Built for the Elements, water resistant
 - Robust Bass and Crisp Highs
 - Optimized for open-air environments
 - Centrex Grilles and High strength ABS frames
 - ASTM-B117/ASTM-G154/D4329/IPx5 Certified
 - Choose your Style Grille, Sport or Classic (Both Included)

SPR-M700

7" Coaxial 2-Way Marine Speaker Set

- Power Handling: 50W RMS
- Premium Alpine Marine Sound Quality
 - Built for the Elements, water resistant
 - 7" Woofer provides big bass
 - Optimized for open-air environments
 - Centrex Grilles and High strength ABS frames
 - ASTM-B117/ASTM-G154/D4329/IPx5 Certified

SPS-M600

6.5" Coaxial 2-Way Marine Speaker Set

- Power Handling: 50W RMS
- Great factory replacement speaker
 - Built for the Elements, water resistant
 - Optimized for open-air environments
 - Centrex Grilles and High strength ABS frames
 - ASTM-B117/ASTM-G154/D4329/IPx5 Certified

SWR-M100

10" Marine Subwoofer

- Power Handling: 300W RMS
- Built for the Elements, water resistant
 - Space Saving design
 - Infinite Baffle (No enclosure required)
 - High Excursion for deep, high output bass
 - Waterproof Rubber Mounting Gasket Included
 - ASTM-B117/ASTM-G154/D4329/IPx5 Certified

MC10

Wireless Marine Remote Commander Kit

- Operating Range: 100 Feet
- Compatible with all Alpine Marine Head Units
 - High contrast display designed to work in direct sunlight
 - Quick Search lets you find your favorite song fast on any source
 - Works with the RUE-M1RF Remote Control
 - Multiple Commanders can be used together in one system
 - ASTM-B117/ASTM-G154/D4329/IPx6 Certified

RUE-M1RF

RF Remote Control For Marine Applications

- Operating Range: 100 Feet
- Compatible with all Alpine Marine Head Units
 - Water Resistant Design
 - Floats, if dropped in water
 - Works with the MC10 Wireless Marine Commander
 - Multiple Commanders can be used together in one system
 - ASTM-B117/ASTM-G154/D4329/IPx67 Certified
